

Mission Teams

What projects will we be working on?

We strive to offer a diverse range of serving opportunities for mission teams. This can include construction projects, ministry programming on the church campus, or meeting a specific need in our community. Our goal is always to serve our city in a tangible way, though we may not always have the capacity to include every team in these community projects.

Once you've signed up to serve, we'll share some specifics based on the anticipated projects according to the timing of your visit. We'll also provide more specific project details as your trip date approaches.

Is *date* available for my team to come serve?

If you are interested in coming to serve, please fill out this [form](#). We will contact you as soon as possible regarding availability.

Can someone on our team bring an RV for the week?

Depending on availability, yes! We have 3 RV hookups available on campus. Here you will find the [RV Agreement](#).

We would like to do a specific outreach event. Can we fit this into the week we are there?

While we appreciate your enthusiasm for additional outreach, we typically do not plan extra activities beyond our established programs. Our current outreach initiatives have been carefully developed and refined over decades, focusing on relationship-building and continuous engagement with the community. These programs are running effectively and are a vital part of our mission. We encourage teams to join us in supporting the local church by participating in these ongoing efforts, which are integral to our ministry and community impact.

Can a member/members of our team drive back and forth every day, instead of staying in the Lodge?

Yes, team members can commute daily if they prefer. However, we strongly encourage everyone to stay together at the Lodge for the week. Staying together fosters a sense of community among team members and with the local church body, enriching the overall experience at Bridge of Faith.

Is the church providing meals through White River Coffee Co.?

No, the church does not provide meals through [White River Coffee Co.](#) Each team is responsible for preparing their own meals during their stay. However, [White River Coffee Co.](#) is a popular option for breakfast and lunch, which many teams choose to purchase. This Christian-owned coffee shop, located on Bridge of Faith's campus, offers specialty sandwiches and drinks, and is always happy to serve our mission teams.
